To benefit the lifesaving work of:

Suicide Prevention

Center, Inc.

Saturday, April 7, 2012

10 a.m.

WEGERZYN GARDENS

METROPARK.

Dayton.

Ohio

We invite you to be a sponsor of this event. Your sponsorship will enable Suicide Prevention Center to continue meeting the crisis needs of the people of the greater Miami Valley...free of charge!

Suicide facts:

More than 2 million people complete or attempt suicide.

Suicide is the second leading cause of death for youth ages 14-25; one in ten youths will attempt or complete suicide, and one in five will think about suicide as an answer to their problems.

Besides youth, two other high risk groups are those over the age of 65 and men between the ages of 35 and 55.

SUICIDE IS PREVENTABLE!

How do we know this? Because 80% of those who attempt or complete suicide exhibit definite warning signs that they are considering suicide; 82% of youth who attempt or complete suicide actually told a friend, within one week of that attempt or completion, that they were thinking of suicide.

If we can teach people these things:

1. the warning signs to look for and the things that put people at risk for suicide,
2. what they can do to help a suicidal person, and
3. how to access the community support that is available,

we should be able to have a positive impact on the terrible statistics.

About Suicide Prevention Center

We are the second oldest suicide prevention center in the U.S. and are now 47 years old. We also have the oldest continually-volunteer-run hotline in the U.S.

Our services include:

- Two 24-hour hotlines
- Three support groups
- A K-12 school-based prevention program
- A speakers bureau
- An international clearinghouse for materials and information
- Training workshops
